

Shijing (Brenda) Liu

Software Developer

★ Do one thing at a time, and do well.

Portfolio

Totally 3.5 years working experience in web field. 1.5 years UI/ UX design experience and code development in e-commerce field. Did several freelance projects in my spare time.

Experience

App Installer- Merchant Success Team - Bold Commerce

2018.3 - 2020.9

--Company internal tools webapp's UI/ UX design.
--Take charge of shopify theme's issue troubleshooting and apps' integration.
--Mentored other team people in Merchant Success team.
--Write many technical articles for themes' specific fixing in company's confluence platform. Always helping teams to fix issues. I can fix most of our apps' issue and hard Shopify themes.
--Black Friday helped developers installing our apps and fixed themes' issues. And got nominee during Black Friday.
--Got mentored by tier 2 Fred one year and Melaine for half a year. (using our personal time). I was also mentored for UI designing almost one year with Mike and Nate. Melisa trained me about database structure.
